Dear \_\_\_\_\_

In January of this year, Dr Brian Iddon MP issued a report entitled "An Inquiry into Physical Dependence and Addiction to Prescription and Over-the-Counter Medication", the full report can be downloaded from [www.codeinefree.me.uk](http://www.codeinefree.me.uk).

In the recommendations section, Dr Brian Iddon MP recommends "2.3 That the MHRA and the pharmaceutical industry must put warnings about potential dependence on the boxes of products containing over-the-counter codeine as well as prominently in the PIL". Myself and the group Codeinefree wholeheartedly agree with this.

I would therefore like to bring this to your attention and request that pressure be brought on the MHRA and pharmaceutical industry to display prominent warnings such as "Overuse of this product can lead to physical dependence". We are of the opinion that the MHRA and pharmaceutical industry are unlikely to step up until threatened with regulatory changes.

I would thank you for your time regarding this matter.

Yours faithfully,
